Vibrian Park was first squatted on by  
Bill & Jim Slick - dirt movers who helped  
grade the Shen Creeper Road Bed in 1897.  
They felt this would make a nice present  
so they stayed there. They named it after <sup>Bill's</sup> ~~Bill's~~ <sup>son</sup> ~~son~~ Bill's son.  
An attorney from S. C. found out these  
2 Slick brothers did not own the road  
legally & so sued them for it.

Later this attorney sold it to  
Johnny Carter  
Johnny Carter's daughter  
Carter married Grover Purvance &  
They eventually became owners of  
Vibrian Park.

## Vivian Park History

While the grade for the Denver & Rio  
(became known as the ~~Denver~~ Creeper)  
Grande Railroad was being made,  
Two brothers had the contract to move  
the dirt. Bill & Jim Slick were their  
names.

They hauled the dirt & gravel to make  
the grade for the ~~Denver~~ Creeper.

board approve this product or one equal to it for  
use in the county. Superintendent Glviden seconded  
the motion. Motion carried.

Mr. Ware stated the three most important problems  
in the Strawberry area are: 1. inadequate amount  
of outdoor privies 2. inadequate garbage collection  
and disposal and 3. inside toilets without adequate  
drainage.

It was reported there are 53 public toilets and  
about 500 private toilets to accommodate approximately  
15,000 people on opening day and holidays.

After some discussion Supt. Glviden made a motion  
that at least 100 portable toilets be provided by  
Strawberry Water Users for the three day opening and  
at least 25 portable toilets be provided for the  
next three day holidays being July 4th, 24th and  
Labor Day. Dr. Green seconded the motion. Motion  
carried.
